

Dr. McKay,

I hope you are all doing well, and I am sure you are enjoying your time with your family. Especially that beautiful grandson. Please thank your whole family for us. We, I, truly am thankful you were able and willing to put up with us after the first week or two of working in our humble clinic. I know you are not big on mushy sentiment, but I cannot tell you what it meant to me to have you here, ~~and~~ it was an enlightening experience to say the least. You are ~~a~~ kind and gentle as well as an exceptionally understanding individual. OK, so much for the mush! Take care of yourself! Also your family, as I'm sure you will. Thank you so much once again and please, keep in touch.
